I. INTRODUCTION

An Act of Parliament in 1956 (Amendment Act-2012) established the All India Institute of Medical Sciences (AIIMS) as an autonomous institution of national importance and defined its objectives and functions. As per section 23 & 24, Institute has power to grant Medical, Dental or Nursing Degrees, Diplomas and other Academic distinctions and title under this Act. The degrees granted by the Institute under the All India Institute of Medical Sciences Act are recognized qualifications for the purpose of the Indian Medical Council Act 1956, Dentist Act 1948 and Indian Nursing Council Act 1947.

II. AIMS & OBJECTIVES

In the field of postgraduate and post-doctoral education, the most important function of the Institute is to provide opportunities to train teachers for medical colleges in the country in an atmosphere of research and development. Postgraduate and Post-doctoral students are exposed to newer methods of teaching and given opportunities to actively participate in teaching exercises. The other important objectives of the Institute are to bring together in one place educational facilities of the highest order for the training of personnel in all the important branches of health activity and to attain self-sufficiency in postgraduate medical education. The educational principles and practices being adopted are best suited to the needs of the nation.
