1.0

INTRODUCTION

1.1 AIIMS, New Delhi

An Act of Parliament in 1956 established the All India Institute of Medical Sciences (AIIMS) as an autonomous institution of national importance and defined its objectives and functions. By virtue of this Act, the Institute awards its own medical degrees and other academic distinctions. The degrees awarded by the Institute under the All India Institute of Medical Sciences Act are recognized medical qualifications for the purpose of the Indian Medical Council Act and notwithstanding anything contained therein, are deemed to be included in the first schedule of that Act, entitling the holders to the same privileges as those attached to the equivalent awards from the recognized Universities of India.

1.2 Six other AIIMS

Under the Pradhan Mantri Swasthya Suraksha Yojana six new All India Institutes of Medical Sciences have been established similar to AIIMS, New Delhi. **The “PG admissions has already done in five AIIMS Bhopal, Bhubaneswar, Jodhpur, Raipur, and Rishikesh. However, from this session AIIMS Patna has also been added.** As per the directives of the Ministry selection for admission will be done through the same Entrance Examination through which candidates are selected for AIIMS, New Delhi. The admission will be done on the basis of merit-cum-choice of the candidates.

2.0

AIMS & OBJECTIVES

2.1 AIIMS, New Delhi

In the field of postgraduate education, the most important function of the Institute is to provide opportunities for training teachers for medical colleges in the country in an atmosphere of research and enquiry. Postgraduate students are exposed to newer methods of teaching and given opportunities to actively participate in teaching exercises. The other important objectives of the Institute are to bring together in one place educational facilities of the highest order for the training of personnel in all the important branches of health activity and to attain self-sufficiency in postgraduate medical education. The educational principles and practices being adopted are those which are best suited to the needs of the nation.

2.1 Six other AIIMS

Aims & objectives of the other six AIIMS Institutes are also of similar nature as mentioned above for AIIMS, New Delhi. The number and distribution of seats may vary depending upon the periodic directives / directions from Competent Authorities.

The candidates joining **MD/MS/MDS** degree courses shall be called Junior Residents in the Clinical Disciplines and Junior Demonstrators in Basic Clinical Disciplines.

- Each incorrect response will get a score of -1/3 (minus-one-third).
- No credit will be given for the questions not answered or marked for review (*Questions marked for review shall be considered as unanswered.*)
- Percentile scores are generated for the entire examination separately for MD /MS and MDS.

			
CORRECT	WRONG	FOR REVIEW	NOT ANSWERED
+1	- 1/3	0	0

If any discrepancy in any question is found in the Entrance Examination, the candidate is advised to write to Associate Dean (Exam), AIIMS, New Delhi – 110 608 within 24 hours on the following E-mail subdeanexamsaiims@hotmail.com. This mail will only be used for discrepancy related to question. However, for other query please mail on aiims.pgexams@gmail.com

8. MINIMUM CUT-OFF SCORES

In accordance with decision of the Governing Body, AIIMS dated 14 September 2013, the minimum cut-off necessary in the Entrance Examination to determine eligibility for admission is **50th Percentile**.

9. PERCENTILE SCORES

Percentile scores are scores based on the relative performance of all those who appear for the examination. Basically the marks obtained are transformed into a scale ranging from 100 to 0 for each group of examinees. **The Percentile Score indicates the percentage of candidates that have scored EQUAL TO OR BELOW that particular Percentile in that examination.**

The highest score is converted to a Percentile score of 100.

The marks obtained in between the highest and lowest scores are also converted to appropriate Percentiles

The Percentile Scores would be converted to 3 decimal places to avoid bunching effect and therefore reduce ties

The following is a further explanation of the interpretation of the scores in an examination with 100 candidates.

- If candidate A's Percentile score is 100, it indicates that amongst those who have taken the examination, 100% have scored either EQUAL TO OR LESS THAN the candidate A. It also indicates that no candidate has scored more than candidate A.
- If candidate B's Percentile score is 90, it indicates that 90% of the candidates who have taken the examination have scored either EQUAL TO OR LESS than candidate B. It also indicates that remaining candidates have scored more than candidate B.
- If candidate C's Percentile score is 50, it indicates that 50% of the candidates who have taken the examination have scored either EQUAL TO OR LESS than candidate C. It also indicates that remaining half of those who took the examination have scored more than candidate C.
- If candidate D's Percentile score is 30, it indicates that 30% of the candidates who have taken the examination have scored either EQUAL TO OR LESS than candidate D. It also indicates that remaining have scored more than candidate D.
- If candidate E's Percentile score is 1, it indicates that none of the candidates who have taken the examination have scored either EQUAL TO OR LESS than candidate E. It also indicates that all remaining candidates who took the examination have scored more than candidate.

10. METHOD OF RESOLVING TIES

The overall merit / ranking shall be based on the Percentile scores.

The method adopted for breaking ties (similar Percentiles) shall be:

- Candidates obtaining higher aggregate marks in all the MBBS/BDS Professional Examinations shall be placed higher than candidates with lower aggregate marks in MBBS/BDS Professional Examinations.

- (ii) In case there is still a tie, after step (i) above, according to age (Date of birth), the older candidate shall get preference over the younger one.

11. PREPARATION OF MERIT LIST

Merit list shall be prepared based on the Percentile Scores and applying the above method for resolving ties

Overall and Category-wise merit Lists shall be prepared accordingly.

ELIGIBILITY

The candidate must possess a MBBS degree and should have completed the required period of one-year compulsory Internship. He/she must have obtained at least 55% marks in aggregate in all the MBBS professional examinations. The eligibility criteria are same as specified for MD/MS (3 years) courses.

DURATION OF COURSE

A minimum period of 6 academic years is the duration for those registering after MBBS degree and completion of one year's compulsory internship. The candidates selected for this course will spend first six months in the super specialties opted for. At the end of six months there will be a departmental examination to assess the suitability of the candidate to pursue training in the super speciality. On successfully qualifying in this assessment, the candidate would proceed to the next phase and this period would be included as a part of the full course. In case a candidate fails to qualify in the assessment or decides to discontinue the course, he/ she would be given a certificate of six months Junior Residency.

The next phase will consist of a period of one year devoted to a course in principles of surgery. It will consist of pre-determined course of didactic teaching and clinical work concerned with the basic principles of surgery. At the end of this period, i.e. 18 months after selection for the course, the candidates would appear for a qualifying examination in the basic principles of surgery. The examination would be conducted jointly by the Departments of Surgery and the super speciality to which the candidate belongs. The candidate must pass this examination before he/she is permitted to appear in the final examination.

A candidate shall become eligible to appear for final examination at the end of five years. He/She can also appear for the final exam at the end of 5½ or 6 years as well. However, in any case, the period of registration will remain six academic years which is mandatory.

METHOD OF SELECTION

Uploading of digital Images of Photograph, Signature and Thumb-print **is mandatory**. Read and follow the instructions given below to avoid inconvenience and rejection of application form due to uploading of **improper** digital images.

Prepare the digital images in advance to avoid delays/inconvenience while filling the online application form.

Instructions for photo upload:

Digital image of your photo can be made in two ways

- Clicking your photo using a digital device (camera etc)
- Scanning of already available photograph

Click a photo using a digital device

1. Clicking your photo

- Stand/sit against a **white background**.
- Click colour photograph in **bright light** using any digital device (preferably with > 5-megapixel resolution). Avoid using flash as it tends to create a shadow on the white background.
- Look straight into the camera (to avoid angulation of face).
- Ensure that your eyes and both ears are clearly visible on the photograph.

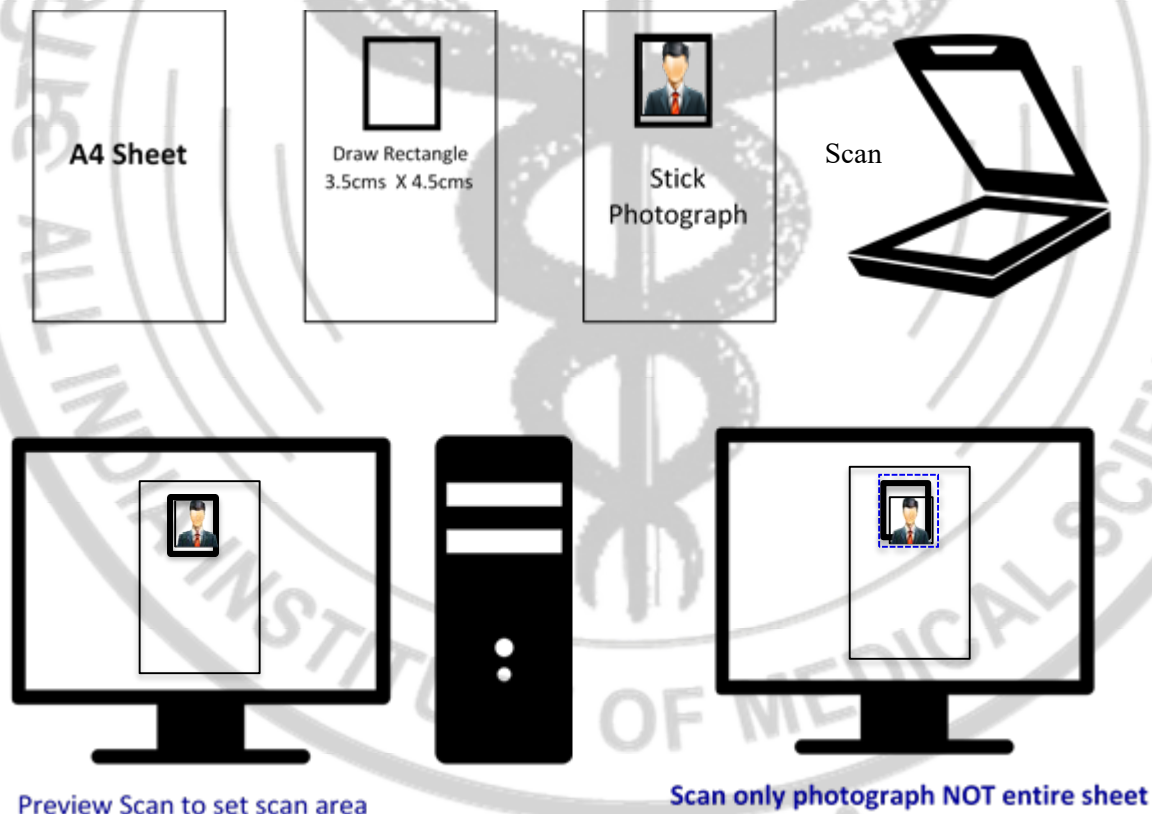

2. Editing of digital photograph

- Transfer** the photograph from the digital device to a computer/laptop.
- Crop** the photograph such that your head, shoulders are visible and occupy most of the image.
- Resize** the image to 50 – 100 Kb (maintain aspect ratio, i.e. height and width ratio to avoid distortion of image)

In case you already have a professionally clicked passport size colour photograph follow the following procedure to prepare scanned image of the same.

1. Before you scan the photograph ensure that
 - a. Photo has been taken against a white background without a border and clearly shows your face, eyes and both ears.
 - b. The photograph is of standard passport size (3.5 cm X 4.5 cm, width X height)
 - c. The photograph is recent (within 6 months of online application).
2. Scanning of passport size photograph
 - a. **Draw a Box** of 3.5 horizontal and 4.5 vertical size (3.5 cm x 4.5 cm) on a white sheet of paper using a pencil.
 - b. Paste the photograph in the box drawn.
 - c. Put the paper with photograph in the scanner and **scan only the box with photograph** (do not scan the whole sheet of white paper). **Set the scanning to 200 dpi** and scan the photograph. During scanning most software allows selection of the desired area for final scanning after initial preview & scan.
 - d. **Save the scanned images** as jpg/jpeg/gif/png as "Photograph.jpg" or "Photograph.jpeg" or "Photograph.gif" or "Photograph.png"
 - e. **Resize** the scanned image to 50 – 100 Kb. Use any image editing software to size the image. Maintain the aspect ratio (i.e. relationship of height vs width while resizing)

Checklist before uploading digital image of photo

1. Photograph is in colour with white background.
2. Your face is clearly visible.
3. Size of the image is between 50-100 kb.
4. Image is in .jpg/.jpeg/.gif/.png format.
5. Image is not blurred in the process of editing.

Taking a thumb-print

1. Draw a box of 4 cm x 3 cm (width x height) on a white sheet of paper (you may draw more than 1 box to take multiple thumb print and select the best).
2. Use a fresh blue/black colour ink pad.
3. Practice on a sheet of paper to get the proper thumb-print especially the density or darkness of the colour. The impression of the print should be clear and readable; neither dark nor smudged or light.
4. Clean your hands and dry them before you begin (oil/dirt can obscure the prints)
5. Gently press your **LEFT THUMB** against the ink pad and take a horizontal print of your left thumb within the box. Do not press too much or wriggle as it may lead to smudging of print. Preferably take impressions of thumb in more than box.

Preparing digital image of thumb-print using a digital device (camera/smart phone etc)

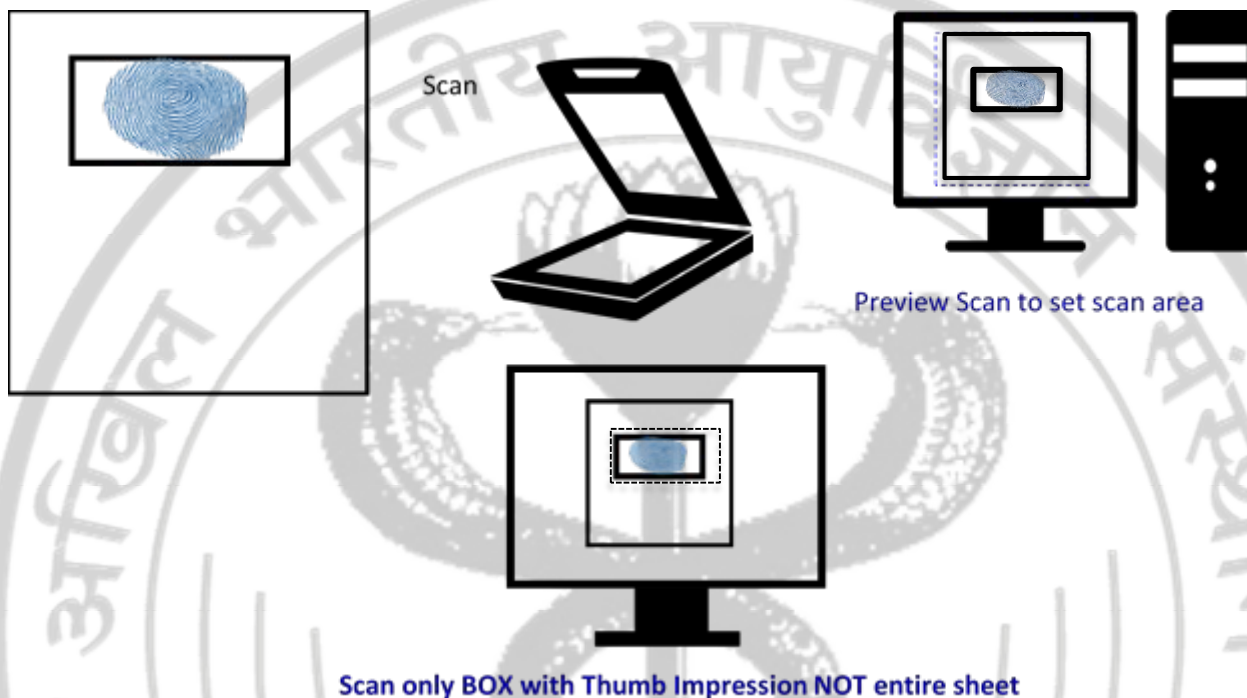

1. **Clicking image of thumb-print using a digital device.**
 - a. Click the image in **bright light conditions** using any digital device (preferably with > 5-megapixel resolution). Avoid using flash.
 - b. Check the shadow of your hands/camera/smartphone etc. does not fall on the sheet.
 - c. Click the image and check that it is not blurred due to low light conditions or shaking of hands.

3. **Editing digital image of the thumb-print**
 - a. Transfer the digital image to a computer/laptop.
 - b. If required, use **auto-correct feature** of image editing software so that the signature is clear against a white background.
 - c. **Crop** the image such that borders of box are reached.
 - d. **Resize** the image to 20 – 100 Kb (maintain aspect ratio, i.e. height and width ratio to avoid distortion of image)

Preparing digital image of thumb-print using a scanner

1. Set the scanner to 200 dpi and scan only the box with signature (**DO NOT** scan the whole sheet)
2. Save the scanned image of thumb-print as .jpg/.jpeg/.gif/.png image.
3. Re-size the image to 20 to 100 Kb. Size of the image can be checked by right click on the image and then go to "Properties" link. ([Click here](#) to know how to resize a scanned image)
